

LANGUAGES FOR GRADE SCHOOLS

School Board Will Consider Proposed Innovation at Its Next Meeting.

WOULD MAKE IT ELECTIVE

SUP'T. CHRISTENSEN GIVES REASONS FOR PLAN.

French and German may be made elective courses in the seventh and eighth grades of the grammar schools. At least the board of education will consider the advisability of such an innovation in committee of the whole at the regular meeting next week. The committee on teachers and school work discussed the matter informally at its meeting Wednesday evening, but decided to refer it to the committee of the whole.

Course to Be Optional.

Superintendent D. H. Christensen, in discussing the proposed change yesterday, said:

"It is not proposed to make the study of modern languages in the grade schools obligatory, but elective. It has been suggested that those who elect to study them may be given time in the high school to make up such work as they miss in the grade schools by reason of studying the languages there. For example, advanced arithmetic might be omitted for merely a matter of memory, such as languages, and that later in life they should take up what appeals to their judgment and reason, such as higher arithmetic.

Mode of Reasoning.

"To reason this way is psychologically correct, and what is psychologically correct is pedagogically correct. At the same time those who might not wish to study languages, and who have no intention or opportunity to attend the high school, would not be deprived of the opportunity to study in the grade schools advanced arithmetic or any other study which might be omitted by grade school students who desired to take the language course."

Mr. Christensen said it was by no means assumed that the modern language course would be adopted, but said the school authorities would give it serious consideration.

BOOMERS OFF WEDNESDAY

Manufacturers' "Get Acquainted" Excursion Promises Much for This City.

Final arrangements for the "Get Acquainted" excursion of the Manufacturers' and Merchants' association are being made at the headquarters of the association. The excursion will leave Salt Lake over the San Pedro road next Wednesday, March 7. All badges and buttons to be distributed are in readiness. It has been decided to distribute at least 1,000 badges and 500 "Busy All the Time" buttons. Thus far 300 persons have signified their intention of going from Salt Lake. It is believed that 500 will be picked up at Murray, and an additional 100 between there and Nephi.

Manager Place of the M. & M. A. is now out along the route of the excursion arousing interest in it. He will return today.

TORTURED BY ITCHING SCALP

Eczema Broke Out Also on Hands and Limbs—Suffering Intense—Doctors Said Too Old to Be Cured—An Old Soldier of 80 Years Declares:

"CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hives, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was obliged to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent, and continued taking the Resolvent until I had taken six bottles, stopping it I took the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Soap dry on. I used the Ointment with great effect after washing in warm water, to stop the itching at once. I am now cured.

"The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3303 Mt. Vernon St., Philadelphia, Pa., August 2, 1905."

Complete External and Internal Treatment for every Eczema from Pinpoints to Scabs, from Itching to Crusts, consisting of Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Cuticura Tablets, 25c. per bottle of 60), may be had of all druggists. A single set often cures. Cuticura & Co., Inc., 100 N. Broadway, Boston, Mass.

OLD NEWS.

Office, 2484 Washington Avenue.

Ogden, Friday, March 2.

OGDEN JURY QUICKLY EXONERATES FRANK CHECKETTS

After Hearing Series of Tales of Horrible Treatment by Joseph Checketts of His Family, Jurors Decide Son's Killing of Father Was Justifiable.

The horrible details of the killing of Joseph Checketts by his 15-year-old son early Wednesday morning were told at the inquest held yesterday morning, after which it took the jury just fifteen minutes to return the following verdict:

"We, the jury, find that Joseph Checketts came to his death from the effects of a gunshot wound in the left temple, said gun being in the hands of his son, Frank Checketts, in defense of his mother's life, hence justifiable, in our opinion. We also recommend his release from custody and his acquittal."

Immediately after the verdict of the jury, the young Checketts was released from custody and permitted to accompany his heart-broken mother, brother and sisters home.

There was not a dry eye in the courtroom as the tale was unfolded by the son of the deceased. After Dr. J. S. Gordon, the county physician, testified to the examination of the body when he received it, Officer E. M. Morrissey was then called to the stand and told of his examination of the body when he received it from the undertaker, testified to the condition of the body when he received it, Officer E. M. Morrissey was then called to the stand and told of his examination of the body when he received it from the undertaker, testified to the condition of the body when he received it.

The widow, Mrs. Jane Checketts, in defense of whose life the deed was committed, testified that her husband was a violent drunkard, and that she had been subjected to ill treatment at the hands of her husband, who cursed herself and their children without the least provocation, and threatened on numerous occasions not only to kill her, but her children. She testified that her husband was a violent drunkard, and that she had been subjected to ill treatment at the hands of her husband, who cursed herself and their children without the least provocation, and threatened on numerous occasions not only to kill her, but her children. She testified that her husband was a violent drunkard, and that she had been subjected to ill treatment at the hands of her husband, who cursed herself and their children without the least provocation, and threatened on numerous occasions not only to kill her, but her children.

Mr. Christensen said it was by no means assumed that the modern language course would be adopted, but said the school authorities would give it serious consideration.

Building Road to Ely.

Expected That Railroad Will Be Completed by July 1.

O. C. Larsen, who is connected with the Nevada and Northern railroad now being built between Coburn, Nev., and Ely, arrived in Ogden yesterday for a week's stay with relatives. Mr. Larsen states that the most of the grading on the 19 1/2 mile road to Ely has been completed, and the men had started the laying of track yesterday. They had one of the Harris track laying machines which would be put in operation and with this they expected to lay about one and one-half miles of track per day although the machine was capable of laying three miles per day. Material is now on hand for the laying of 80 miles of the track and an additional amount of material to complete twenty-five miles more was en route to that point. It is expected that the line to Ely will be completed by July 1, but it will all depend on the weather. The line to Ely will be completed by July 1, but it will all depend on the weather. The line to Ely will be completed by July 1, but it will all depend on the weather.

GLASSMANN AND GAMBLERS.

District Attorney Says They Are Behind Accusations Against Him.

District Attorney George Halverson is anxious for the statement that the former mayor of Ogden, William Glassmann and several gamblers are behind the move resulting in the accusations that were filed in the district court Wednesday asking for the removal from office of the alleged dereliction of duty. Mr. Halverson stated yesterday that he had been aware of the move for some time, so that he was not at all surprised at the same. He also said that some time ago several of the gambling element had offered Attorney W. L. Maginnis the sum of \$10,000 to take up proceedings looking toward the removal of the district attorney, but that the offer was turned down by Maginnis.

Judge Maginnis was asked concerning Mr. Halverson's statement, and said that there was positively no truth in it.

INSIST ON AN ARMOY.

Guardsmen Are Fully Decided, Says an Ogden Officer.

Unless Ogden gets a new armory, it is quite certain that company B, N. G. U., will resign from the National Guard of Utah in a body. This was the statement made here yesterday by one of the officers of the company who also said that if the armory was built by David Eccles there would likely be a second company organized in Ogden.

According to this officer's statement, Mr. Eccles desires to build a new armory for \$20,000 building that would be fitted for the accommodation of two companies and then lease the same to the state at a rental of \$100 per month on a ten-year lease. If the state will enter into the contract the armory will be built without delay, otherwise the dissolving of company B may be expected.

Suit for \$20,000 Damages.

Attorneys King, Burton & King of Salt Lake and Maginnis & Corn of Ogden filed in the Second district court at Morgan yesterday a \$20,000 damage suit against the Union Pacific Railway company. Rose Moore, administratrix of the estate of Clarence E. Moore, deceased. The complaint alleges that on March 25, 1905, Clarence E. Moore, the decedent, was in the employ of the company as a freight brakeman and while near Morgan station was engaged in coupling the engine to a boxcar; that while coupling the air horse engine was hooked and Moore was caught between the buffers and crushed so badly that he died.

Sues for \$400.

J. F. Smith, through his attorneys, Heywood & McCormick, filed in the district court here yesterday an action against Isabel M. and Eugene S. Sears for the sum of \$400 alleged to be due on two checks issued by Isabel M. Sears, upon which payment was stopped. The plaintiff alleges that two checks were issued on the Deceit National bank of Salt Lake in favor of Eugene S. Sears and that he cashed both checks, since which payment has been refused at the bank and the defendants have refused to make the same good.

CLIMBING FOR FOREST RESERVE

Through Senator Idaho Petitions for Immediate Creation of the Seven Devils Project.

WILL SAVE INDUSTRIES

ONLY OPPOSITION COMES FROM TIMBER LAND GRABBERS.

(Special to The Herald.)

Washington, March 1.—Senator Dubois of Idaho today filed with the president a petition signed by 245 citizens of Washington county, asking for the immediate creation of the Seven Devils forest reserve. Senator Dubois called attention to a statement of the petitioners that they are "unalterably in favor of your forest reserve policy." He said he was personally acquainted with many of the petitioners, and knew them to be representatives, and hoped their request might be speedily complied with.

"I desire to assure you in addition," said Senator Dubois in his letter to the president, "that these petitioners represent sentiment of practically all of the people of Idaho. Mining, lumbering, grazing, agricultural and other interests of the state will be preserved by these forest reserves. The only objections so far as I can discover to forest reserves in Idaho come from individuals who desire to take up timber claims and sell them at an advanced price to big lumber companies, and from owners of large flocks of sheep. Under a wise and honest administration of the present rules and regulations of the forest service every industry of our state will be benefited and no industry will be injured, and I am sure the people are fully aware of this fact. I beg to assure you that our people are in complete harmony with your policy in regard to forest reserves."

4,000,000 ROLLS WALL PAPER.

We had to buy this enormous amount to get the lowest jobber's price. We will give you a correspondingly low price. Geo. W. Ebert & Co., 51 Main.

Don't fall to see Mathews Candy

Co.'s new \$10.00 Fountain at 122 Main street. Open Saturday at 1:00. Free carnations to ladies.

BURNS TRYING TO GET IN

Colorado Man Allows Name to Be Coupled With Heinze in Utah Deal.

(Special to The Herald.)

Colorado Springs, Colo., March 1.—Persistent rumor has circulated here for two months to the effect that August Heinze and James F. Burns of Colorado are the court's attention was occupied by the action of George S. Burt against John A. Burns to recover a horse and colt valued at \$100. The jury returned a verdict of no cause for action.

TO SUPPRESS HAZING.

Washington, March 1.—Representative Rixey of West Virginia introduced a bill today providing that hereafter hazing at Annapolis shall be dealt with as other offenses against the order and discipline of the naval academy.

DEATH BY INDIGESTION.

A Long Train of Fatal Ills Is the Direct Result of Undigested Food.

Undigested food, by fermenting, forms a poison in the stomach and this is absorbed in the blood. If this goes on very long, and your heart happens to be weak, you will find some morning dead in bed, or you may fall back down the stairs about an hour after a hearty dinner, and the doctor will call it heart disease. Yes, that may be the result, but not the cause. The cause in indigestion. Indigestion is a simple common word, but it has a terrible import.

And so you may get apoplexy, and die suddenly while you're standing. If you have a weak liver, the poison of undigested food will attack it and you will get jaundice. If you have weak kidneys, you will get dropsy, or diabetes, from which there is no rescue for any man.

It was a learned physician who said that the progress of a race depended upon the stomachs of its members. And you have at some time in your life eaten a heavy meal, or eaten indigestible food, and felt that "lump of lead" immediately afterward. That lump of lead is a hard ball of undigested food. The stomach can't digest it, and finds it hard to throw it out. And so it sits, and it makes you sour and everybody sour who talks with you. It gives you a bad breath, and it makes you feel like a dead man. And if you will ever "live" in your lifetime, it will be after you have eaten a good hearty meal, and taken one of these little tablets immediately afterward. You'll just feel fine.

Take Stuart's Dyspepsia Tablets after your next meal today and you will use them ever afterward. You will be cheerful, vigorous and your mind will be clear; you'll have snap and vim, and add many a day to your life.

You can get these wonderful little tablets at any druggist's for 50c a package.
